Dear Mr. Hastings

Charlie was in his 50s when his life had gone downhill to almost no return. He was facing the chance of becoming homeless and experiencing divorce, and with COVID-19, he lost his job and sadly his temporary jobs couldn't provide him enough to live in a home. Heartbroken and living on the street, he was alone with no support.

As he lived on the streets for weeks, he heard about [Regeneration](#) and arrived in need of assistance. Soon he became comfortable and shared his needs to help him. He was served meals, clothes, laundry, getting CERB, a hotel to stay in during his need, and connected with a landlord to ensure he had a permanent house. Charlie is not alone in sharing his stories of how the community helped him, as **Travis**, **Mike**, and **Gerry** also shared their stories about receiving help, and others shared their stories about helping those in need such as **Denise**.

As a community, we would love to continue to help those in need as we have done for Charlie to get him back onto his feet. We ask you, Mr. Hastings, to please support us in providing hot meals, showers, haircuts, laundry, providing clothes, and technologies. If you would like to, please check out the website "<https://regenbrampton.com>" to donate **\$50, \$100, \$200**, or your choice of amount to continue our operation for those in need. Your donation will be tax-ductible and we can send the receipt if needed.

Charlie was at risk of being homeless when he had no support, and the others in need of help don't deserve to be living on the street without assistance. Please help us, Regeneration, continue to assist those needing help. As Regeneration, our belief is: ["Basic Needs Are a Right, Not a Privilege"](#).

Sincerely,

Nicholas Rambhajue

Nicholas Rambhajue.

P.S. Your donation will help Regeneration to provide many more programs such as Health Care, Community Care, Spiritual Care, and many more to help those in need.
